

GramGrid Classic – 5-puzzle sample book 1

Welcome

Welcome to Your Bonus GramGrid Puzzles!

Thank you for your purchase of the GramGrid ebook sampler. As a special bonus, I have created this document with 5 unique, brand-new puzzles for you to solve with pen and paper.

Find a comfortable spot, grab your pencil, and get ready for a challenge! If you need a refresher on how to play, all the instructions are in the ebook you just downloaded.

Enjoy, and good luck!

Marty Jones

Notes on the Project

The puzzles in this book were developed using a mix of traditional word lists, custom data handling, and AI-assisted tools for testing and refinement.

Why GramGrid **Classic** you might wonder? Well GramGrid **Challenge** is already in the creation stage and could be appearing before too long. It will raise the puzzle to a new level of difficulty.

Ready for More?

I hope you enjoyed these bonus puzzles. If you had fun solving them, you're ready for the full challenge.

The official paperback edition of GramGrid contains the full **60 puzzle collection** - 40 more than the ones you have experienced with the ebook and this bonus! It's the ultimate collection for anyone who loves a great mental workout. Go to:

<https://www.amazon.co.uk/dp/B0FMY7K8R6>

You can also find a new, free puzzle to solve every day on the website:

<https://gramgrid.net>

Thank you again for your support. Happy puzzling!
